Be instrumental in reaching many victims of abuse across the county by volunteering to post "tear-off" sheets listing HELP's contact information in the bathroom stalls of restaurants, bars, and other businesses. Reaching out to victims to let them know they are not alone is a form of advocacy, prevention and intervention. Creating awareness of domestic abuse and HELP as a resource helps spread the anti-violence message. Help us share our resources by posting them. Call or e-mail Erica at HELP 743-8785 or erica@helpofdoorcounty.org if you are interested in learning more about this project.
